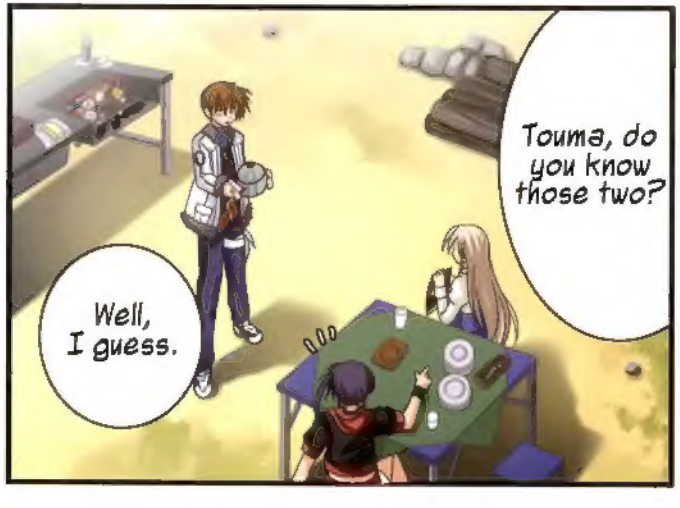
In the meantime, I've gained two more companions and it's a peaceful journey.
Lily, what's that?
It was placed beside our luggage.



Speaking of which, you're somehow being chased by the TSAB...
What would you do if you had to fight against those Aces?

What do you mean?
That's why I said "if"!
I won't be. There's no way that's gonna happen.

Well.....

They're heroes who were said to have destroyed an ancient weapon that was supposedly indestructible when they were only nine,
sunk a huge warship with a team numbering only a few as well as other grand deeds.

In order to protect Lily?

Thank you, Lily.
Well, that's my priority.
Anything else?

That being said, it'd be best if we can just talk our way out of it.

I don't like giving up on something once I've decided on it.

If I am forced to battle with no other options,
I'll use the Divider and Silver Cross as I see fit.
